

Software: “En el mar”.

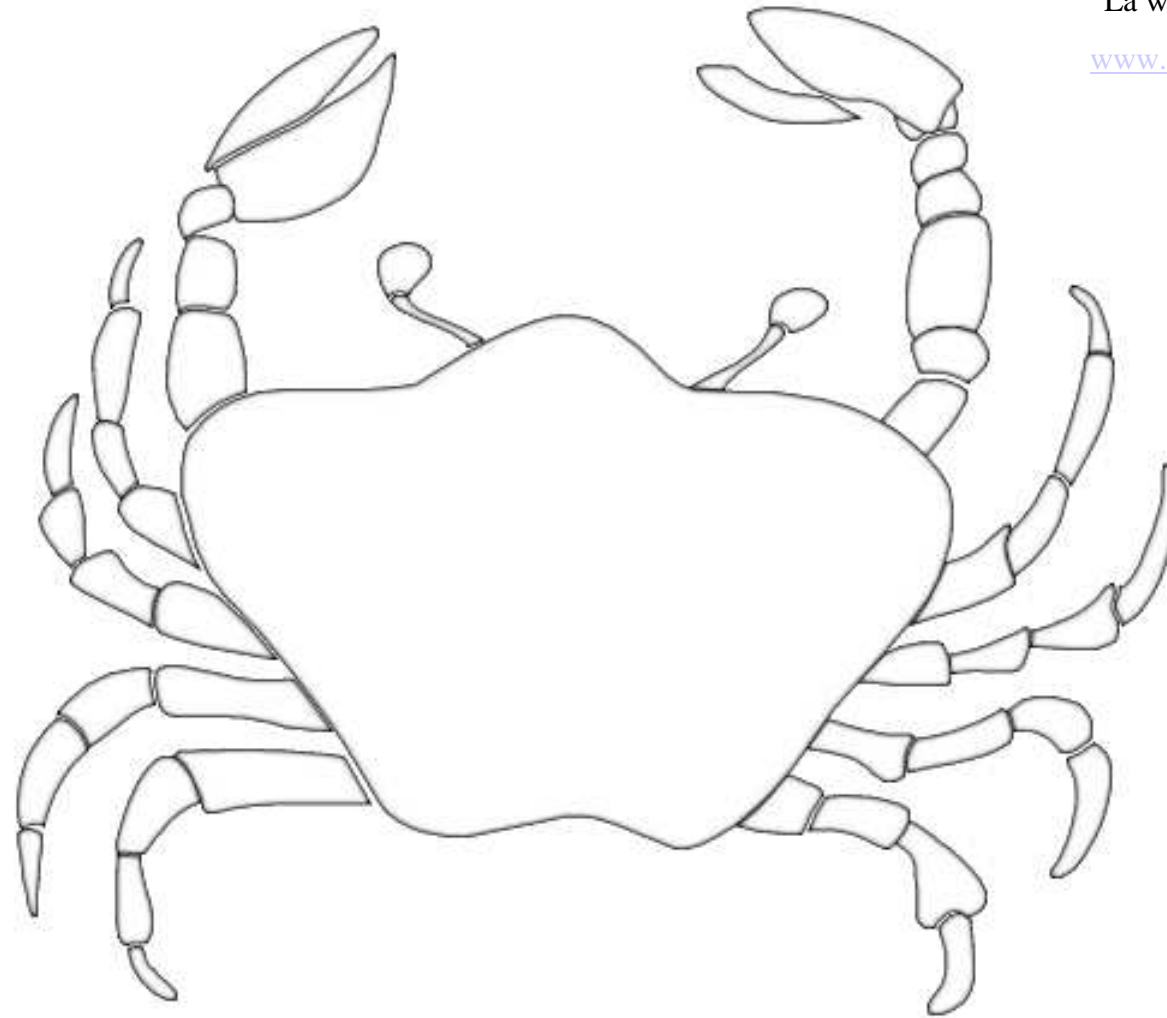

- Aprovechando los animales vistos en el software se han realizado estas fichas para colorear los animales.
- Repasar los números con grafía y sus nombres en letra punteada.
- Unos ejercicios de atención a partir de la página 15 donde se deberá discriminar el animal que se indica en el título.

# Busca delfines

## A collection of black and white line drawings of various sea creatures, including fish, jellyfish, crabs, octopus, squid, shrimp, starfish, and seahorse, scattered across the page. The drawings are simple and cartoonish, suitable for a children's activity. The creatures are distributed throughout the page, with some appearing in larger quantities than others. For example, there are four fish, three jellyfish, two crabs, one octopus, two squid, three shrimp, one starfish, and one seahorse. The background is plain white, and the creatures are drawn in a way that they appear to be floating or swimming. The overall style is clean and minimalist, focusing on the basic shapes and features of each animal. The drawings are scattered across the page, with some appearing in larger quantities than others. ## A collection of 20 black and white line drawings of various sea creatures, arranged in a grid-like pattern. The creatures include: four fish (two with stripes, two plain), two crabs, two jellyfish, two seahorses, one octopus, one starfish, one clam, one shrimp, and one squid. The drawings are simple and stylized, suitable for a children's educational activity.
